Acadia Low Cabinet

FG004644 Autumn Embers Straw, Grey Ash, Mahogany, Patinated Brass

FG007087 Ebony Embers Straw, Black Oak, Mahogany, Patinated Brass

A stunning, signature material created in Alexander's studio, Autumn Embers Straw is made with layers of straw marquetry in subtle dyed tones that are pressed and abraded to reveal deep layers and cross-currents of reflective light. Grey Ash brings a muted counterpoint and a golden bamboo interior completes the delicately crafted materials. Knife hinges and rod lock in patinated brass with custom cast feet and key. Back in Grey Ash. Now available also in Ebony Embers straw.
