Prism Sideboard

FG003677

A serious yet delightful credenza that blends a myriad of materials into a functional and elegant whole. Both light and dark, raw and refined, this piece dazzles gently.

Mother-of-pearl, patinated copper, lustrous indigo and taupe straw marquetry are inlaid by hand over the front and sides of the cabinet. Custom made feet elevate the piece and matching handles give a sensuous tactility to the touch. The top is Smoked Eucalyptus and the interior is Figured Sycamore with adjustable shelves and generous soft closing drawers.
