Dais Spot Chair

FG007503 Natural Parchment

A sculptural chair of great comfort that sits beautifully in both traditional and contemporary settings. Components are carved of solid mahogany and wrapped in natural parchment. At the back a straw marquetry panel is finished with oak detailing, while the seat is upholstered in a silk mix hand-woven fabric, the Dais Spot is perfect as an accent chair in a living context. The lines and proportions evoke the idea of the chair having been carved from a solid block of stone. Design by Alberto Velez.
